

# Multiplex/Additional Residential Unit Affordable Rental Grant

A Community Improvement Plan (CIP) is a tool under the *Planning Act*, that allows the Town to designate a specific area(s) and offer targeted incentives to encourage investment in that area(s) for community improvement. The Town's Affordable Housing CIP contains a range of incentives to encourage the development of new affordable rental housing while diversifying housing types and affordability within the urban area of the Community of Stouffville.

The Multiplex/Additional Residential Unit (ARU) Affordable Rental Grant Program is available to landowners to offset costs incurred to construct an ARU — integrated or ancillary; or for a new multiplex dwelling. This program has been developed to support the creation of new affordable rental housing within the urban areas of the Community of Stouffville. The [Town's Zoning By-law](#) establishes where ARUs and multiplex dwellings are permitted and their associated regulations (ex. setbacks). Generally, two ARUs (which may include one ancillary ARU) are permitted on a municipally serviced lot that contains a single detached dwelling, semi-detached dwelling, or townhouse dwelling within the Community of Stouffville.

**Program funding is limited and is provided on a first-come first-served basis to eligible applicants.**

## Project Funding Streams

This grant covers eligible costs incurred to construct an affordable ARU or multiplex dwelling where permitted. The eligible costs are broken down by building type as follows:

For renovating an existing rental ARU to bring it up to building code, the maximum value of the grant is \$10,000 per unit.

For new construction of a multiplex or ancillary rental ARU, the maximum value of the grant is \$11,000 per unit.

\*The value of the grant shall not exceed the development costs for the project streams as listed above.

## Section 5 – Municipal Fee Waiver Program (Minor Variance) (Optional)

A minor variance is a planning application process that allows property owners to seek permission to make minor changes to the Zoning By-law to accommodate alterations and developments on their property that do not conform to the Zoning By-law (ex. setbacks).

Landowners applying for the Multiplex/ARU Grant may qualify to waive minor variance application fees associated with an affordable rental multiplex or ARU project through the Municipal Fee Waiver Program. Minor variance applications would require a separate planning application and would proceed through a formal *Planning Act* process.

As part of this application, I/we would like to apply for the Municipal Fee Waiver which may waive the fee to apply for a Minor Variance. I/we acknowledge that payment is not guaranteed.

## Section 6 – Accessible Design Top-Up Rebate (Optional)

Applicants applying for the Affordable Multiplex/ARU Grant are eligible to apply for the Accessible Design Top-up Rebate. The rebate can cover up to \$3,000 of the costs incurred on accessible or barrier-free designs and construction for an affordable unit.

As part of this application, I/we would like to apply for the Accessible Design Top-up Rebate which will cover up to \$3,000 of the costs incurred on accessible or barrier-free designs and construction of an affordable unit. I/we acknowledge that payment is not guaranteed.

As part of the Accessible Design Top-Up Rebate, indicate the proposed accessibility upgrade(s) costing estimates and attach a copy of any estimates or receipts.
